How to see the grading robot reports for all my labs (0 to 8)? - 1

- We are now in the grace period.

- This signifies that all the grading robots (Lab 0 to Lab 8) are now ON!

- But when we go to https://www2.cs.sfu.ca/CourseCentral/127/common/results/<username>/ we may not be ale to see the grading robot results for all our labs (0 to 8).

- So, how can we see the grading robot reports for all our labs (0 to 8)?

- Answer: All you have to do is push one task!

How to see the grading robot reports for all my labs (0 to 8)? - 2

- For example, I pushed the tasks for Lab 8 and some time later, I was able to see the grading robot reports for all my labs (0 to 7):

How to see the grading robot reports for all my labs (0 to 8)? - 3

- So, now, I can look at each of the grading robot report and ascertain whether I pass or fail the grading robot test.

- If I pass, great! 👆

- If I fail, then I can fix the code for this task, re-compile my task, re-test my task then push my task again on my Git repo for the appropriate grading robot to test again!

- And I can repeat this process until I pass all my tasks or until the grading robots are turned OFF on Tuesday August 18 at 23:59:59, i.e., at the end of the grace period!

- How's that!

- Suggestion: Don't wait until August 18 to fix all your tasks! Start now! ☺
